Subject: Vo-Toys Building C demolition design

Good Morning All,

Hope everyone had a safe Thanksgiving!!

Its been a while since we last met during that time Dave Rosoff (EPA) has been in communication with GE & BRG about future plans regarding the contamination & remediation of Buildings A,B & C. We will be having a meeting to discuss the progress of the Vo-Toys site in general but more specific the design for demotion of Building C. The meeting will take place at the OEM building 600 Essex St. @ 10:30. Please let me know if you or a representative will be attending.

Respectfully,

B/C Henry Richard
